

Regarding: docket number 02-278, The Indiana No Call list. I love it. I hope that you will not make any changes to the No Call list in Indiana. It has been wonderful over the past few years since signing up on the list. We have been able to enjoy our evening meals without interuptions. I have not had my home invaded by unwanted guests through the telephone. The list is working great. You know the old saying, "If it ain't broke, don't fix it."
